Subject: Memorandum of Understanding for Internship Program

Dear [Atria Institute of Technology , Mechanical Department] Team,

This Memorandum of Understanding (MOU) is made between EDUPHOENIX PVT LTD and [Atria Institute of Technology] for the purpose of establishing an Internship Program. Both parties agree to the following terms and conditions:

1. Objectives:

- a. The Company aims to provide practical industry experience to students of Atria Institute of Technology.
- b. The College seeks to enhance the academic knowledge of its students through real-world exposure.

2. Duration:

- a. The Internship Program will be available in two different ways :-

1. Minor internship -15 days to 30 days

2. Major internship - 30 days to 90 days

It will be available in both modes online and offline.

3. Roles and Responsibilities:

a. Company Responsibilities:

- i. Provide a suitable work environment and necessary resources for interns.
- ii. Assign a mentor/supervisor to guide and support interns throughout the program.
- iii. Define the scope of work, learning objectives, and expectations for each intern.
- iv. Evaluate the performance of interns based on agreed criteria.
- v. Maintain confidentiality of any sensitive information shared by the College or interns.

b. College Responsibilities:

- i. Identify eligible students based on their interest in the internship program.
- ii. Facilitate the application and selection process for students.
- iii. Provide necessary support and guidance to students during the internship program.
- iv. Address any concerns or issues raised by the Company regarding intern performance or behaviour.

4. Internship Program Details:

a. The Company will offer internships in the following domains –

3D PRINTING

CATIA

ELECTRIC VEHICLES

POWERTRAIN

RETROFITTING

b. The company will provide Internship completion certificate and Internship report to the students on successful completion of the program.

c. LOR can also be given to the students if required.

d. The company will charge 1,100/- to 2,200/- rupees from the students depending upon the domain selected from above.

Accepted and agreed:
